Our Waiting List:[www.iseaf-info.org](http://www.iseaf-info.org)

December,2007

Dear sponsors,

Once again we extend our warm Greeting to you. We are indeed very thankful to all our sponsors for your contribution, encouragement and support, which is the life force of this organisation.

ISEAF became very popular now and more and more students approach us for financial assistance. We are happy that more sponsors are coming forward to help our students. However we are not able to find sufficient sponsors for all deserving students. Therefore we kept such students in our waiting list. We were forced to shift the website of waiting list from Germany to India since we have to spent lot of money if we appoint German office staff.

The number of students who are getting family assistance has increased as we come across many students who face very big financial crisis in their families. We are grateful to all our sponsors who are very sensitive to their students problems and offer family assistance to such students besides their regular scholarship.

Both our technical institutes, Bhumika Technical Institute and Keerti Vidhyalaya Technical Institute function very well. The students who are successful are offered 100% jobs by the institute. So there is very big demand and many students took admission this year.

We express our sincere thanks to all our well wishers who sent their used mobiles to our office in Germany, Ausbildungshilfe Indien e.V. We started a new course "Mobile Mechanic" for the students of electronics. Your mobile phones were very useful for their practical works. We appreciate if you can send more mobiles phone to our office in Germany which will be useful for the students of mobile mechanic course.

This year we introduced, "Catering and Hotel Management Course" in our Bhumika Technical Institute with all the required gadgets and equipments. It is very successful and we got a good number of students for this course. We will be starting more courses there from next academic year.

Please find enclosed here with few stories of students who completed their education availing Scholarship from your organisation, students who are presently being helped by ISEAF and students successfully completed their education from our Technical Institutes.

**Incase any of your friends who would like to sponsor students, they may be advised to visit our website**

**[www.iseaf-info.org](http://www.iseaf-info.org)**

**Where details of students who are waiting for sponsors are displayed.**

You are free to ask any information about this organisation or your students. We will reply to your queries immediately.

**We wish you a Merry Christmas and prosperous and Happy New Year.**

With warm Regards

Yours sincerely

Jacob Mathew  
President and Chief Functionary  
ISEAF

## Successful Scholarship

### Students:

#### Nyrisa Mendonca

I stay at Santacruz near Panjim. I am 23 years old. Presently I am working as Chemist in “LUPIN” a Pharmaceutical company at Industrial Development Complex, Verna. I am very happy and contentant in the present job. I wanted to express my sincere gratitude to ISEAF, its founder Mr. Rudolf Schwartz and especially to my sponsor Mr. Hans Schmitz. I have been getting financial assistance for last eight years. From the time I passed my Xth class examination till I complete my Post Graduation M.sc (Master of Science). I was getting the support from Indian Students Educational Aid Foundation. My sponsor Mr. Hans Schitz and Mr. Schwartz (founder) visited my residence and gave me surprise gifts besides the regular financial help. His encouragement and support helped me to come up and mould my own future in spite of adverse circumstances at house. As a reciprocal gesture, I would like to sponsor one deserving students as soon as I can support the expenditure.

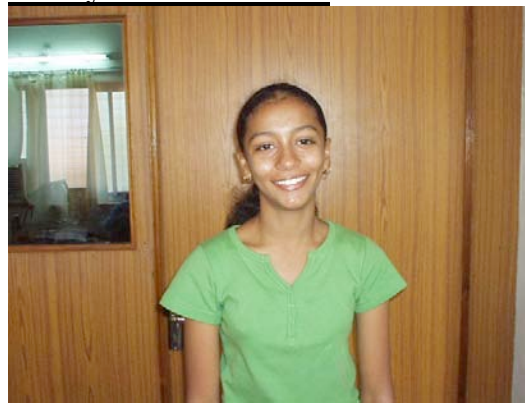

#### Darshan Naik

Darshan is working as engineer in Biospher Enviro Tech, a firm in Mapusa. He is very happy with his present job. He visited our office recently and thanked ISEAF and his sponsor Mrs.Ivesa Hartig for all the help extended to him for last seven years. He approached ISEAF for financial assistance as his father Vithal Naik is a farm labourer. Mrs.Ivesa Hartig came forward to help him. He completed his engineering Degree (B.E.) from Goa University and presently working for Bio Sphere Enviro Tech.

## Present Scholarship Students

#### Emily Jolin D'souza

Emily lives at Aldona. She scored 84% marks for the Xth class board examination. Presently she is a student of XIth Science in St. Thomas Higher Secondary School, Aldona.

Emily is an orphan. She lost her father late Joseph D'souza six years back. Later her mother Joanita also expired after few months. Emily has a younger brother, Edson (12 years) and he is student of VIIIth class. Both Emily and her brother are looked after by her grand mother. One of her uncles pays them some money for food.

Emily has a very bright future ahead. She is very bright and ambitious. Fortunately we could find a very good sponsor for her Dr. Hans & Mrs.Marlen Amstutz sponsor her education. Besides they help her paying family assistance every month. Emily is very happy and feels the parental touch from her sponsors.

#### Gauresh Palav

I am Gauresh Palav. I stay at Bicholim. I am from a poor family. My father Mr.Gajanand Palav is a labourer in a Chemical factory. He is the only earning member in our family. When I was a student of XIth class the Principal of our school told about ISEAF an organization helping poor and meritorious student to complete their education. My ambition in life was to become a medical doctor. But unfortunately my father can not afford to meet my educational expenditure since he was getting a very low salary. I am very happy and confident now. Finally I am successful and I will be a doctor soon. It was possible only because of my sponsors Mr. Sylvie & Mr. Heiner Fangmann and ISEAF, I could fulfill my ambition. I am very thankful to them

### **Successful Ex-students** **Brown Fernandes**

One of our ex-student Mr. Brown Fernandes visited our institute on 19/10/2007. This time he visited us not as an ex-student but to recruit our fitter boys for his firm.

Brown Fernandes resides at Dando, Carenzalem. He took admission in our Keerti Vidyalaya Technical Institute in Fitter trade on 08/07/1997. He passed

out with a First class and started his own firm in his village. His business improved as the years passed. Now 8 persons are employed in his firm "Republic Fabrication". He takes orders from builders and other private parties for manufacturing gates, grills, aluminum windows, etc. He wanted to appoint more boys from this institute and to expand his business. He is very thankful to his teacher Mr. Allen Fernandes who gave him guidance in his studies and helped him to learn the trade. His firm is well equipped with all the modern gadgets and equipments.

### **Amit Morje**

Amit is from Morjim, Pernem. He is 21 years old. Presently he is working for J.P.Computer Service Private Ltd., Vasco as their Hardware Mechanic. When he failed in his Bachelor degree, he was completely depressed. He took admission in Computer Hardware and Electronics in Keerti Vidhyalaya Technical Institute run by ISEAF. He found the course very interesting and completed the course in July, 2007 and appointed in J.P.Computer Service Pvt.Ltd.

### **Bernardo Colaco**

Bernardo lives at Moira, Bardez. He is 19 years old. When he failed in XIIth class examination all his friends and relatives thought that his future is at cross roads .However fortunately one of his teachers suggested to take admission in the Keerti Vidhyalaya Technical Institute, run by Indian Students Educational Aid Foundation. Bernardo opted for Refrigeration and Air Conditioning. He liked the course very much. Even before completing the course he was appointed at Thermofrost Engineering, Mapusa. Bernardo passed out from 2006-07 batch. He is happy that he can earn his salary and stand on his own feet without depending on anybody.

### **Pragati Naik**

Pragati lives at Assanora. After completing XIIth examination from D.P.M., Higher Secondary School, Bicholim, she joined for Home Nursing course in Keerti Vidhyalaya Technical Institute, Siolim. She passed out in the year 2000 from the institute and started working as home nurse. She completed 13 jobs in the past. All the patients for whom she worked appreciated her service and she was given an award

from ISEAF's Home Nursing Bureau for the best nurse. Presently she is working for Mrs.Claudina Gonsalves, Saligao.

### **Sibyl Mascarenhas**

Sibyl lives at Arambol. She is 19 years old. After Xth class she joined Bhumika Technical Institute, run by Indian Students Educational Aid Foudation and opted for Home Nursing Trade. She completed her course in the year 2006 and started working as home nurse. Presently she is working for Mrs. Esmeralda de Mello. Sibyl likes her present job very much. She says it is a noble work and I am paid very well for the job. She is thankful to Home Nursing placement Bureau which provides lot of employment opportunities too many girls like her. Presently more than 200 girls are working for the Bureau.

Catering students doing practical during their training in our institute Keerti Vidhyalaya Technical Institute, Siolim

Computer Operator and Programming Assistant (COPA) students of our institute at Siolim

Refrigeration and Air conditioning Mechanic students of our institute at Siolim
