Our Waiting List: [www.iseaf-info.org](http://www.iseaf-info.org)

March, 2009

Dear Sponsors;

We would like to send warm greetings to you once again. It is always a pleasure for us to keep you informed about our activities, its progress, expansion and achievements.

As ISEAF has become very popular many students approach us for financial assistance to continue their education. The head of their institutes direct the deserving students to us. Though 600 students applied for scholarship we could give scholarship to only 150 students this year. Some of the very deserving students are kept in the waiting list in our website [www.iseaf-info.org](http://www.iseaf-info.org). It will be very much appreciated if you can give publicity among your friends and acquaintants so that at least some of these students can be given a good education and help them to build a future.

Both our technical institutes are functioning very well. We want to start an additional course namely Beautician Course for next academic year. Students and their parents are very much satisfied with course and training, since each and every student gets a job after the course. Most of them are selected from the institute by Campus Interviews. We are still looking for a place at Siolim so that we can build more spacious rooms and start new courses. We have still plans to start a new institute in Maharashtra but unfortunately we did not get a proper place.

We are happy to inform you that as we promised we could donate a mini Bus to Valentina's Little Heaven. Mr. Rudolf Schwartz and Mrs. Ursula Wolff came all the way from Germany to hand over the Vehicle to Sr. Valentina. Besides the founder of ISEAF Mr. Rudolf Schwartz offered to finance for the expenditure for digging a new well and to fix an over head tank to solve the water problem and also to construct a Children's Park for the inmates to play. The work has already started. Sr. Valentina is doing a wonderful job. Presently 82 orphans are being looked after by her. The youngest were the two new borns during the Christmas week. We observed that all these children consider her as their mother and feel that they are in their home. This makes a difference

The place for the children's is limited. 15 children stay in one room and it is very hot during the day and they need a false sealing for the roof to prevent heat. For recreation the children's need a park, so we need to collect more money for this orphanage.

Please find enclosed here with few stories of our Scholarship Students who completed their courses and presently working; few stories of our ex-students who completed their course in our technical institute and presently working.

As you know all these works are possible only through your financial and moral support. I would use this opportunity to thank all our sponsors and extend warm greetings from our students.

With warm regards  
 Thanking you  
 Yours Sincerely

Jacob Mathew  
President & Chief Functionary  
ISEAF

### **Successful Scholarship Students:**

#### **Geeta Morajkar**

My name is Geeta Morajkar. I completed my B.E. (Batchelor Engineering) from Goa Engineering College and presently working for J.K.B a firm in Pilerne Industrial Estate as Production Engineer. I am very thankful to my sponsor Mr. Otto Luttmann and ISEAF for all financial and moral support extended to me during last nine years. I am from a poor family and was unable to continue my education. If I was not getting this scholarship I would have remain unemployed. I decided to sponsor a deserving student soon.

#### **Narayan Vengurlekar**

Narayan lives at Colvale, Bardez, Goa. He has completed his Post Graduation (Master of Science) in Chemistry and presently working as chemist in a Pharmacitical company at Verna Industrial Estate. During his last visit in our office he told that he is grateful to his

sponsor Mr. Meino Naumann for the financial support for the last 8 years. He remembered the old days. His father was unemployed and there was no source of income. His sister was doing B.Pharm and was availing ISEAF scholarship. Inspite of that he was given scholarship to continue his education. He is ever grateful for the help he got from ISEAF and would like to reciprocate by sponsoring another deserving student soon.

#### **Tukaram Parab**

Tukaram completed his post graduation (Master of Science) in GEOLOGY and presently working for a mine company. He gets very good salary and is very happy with his job.

During his last visit to our office he told us that he did not forget the hardship and struggles during his school days. It was his headmistress who told him about the scholarship. That was a turning point in his life. He is thankful to his sponsor Mr. Carlo Drieling who sent regular financial assistance for long nine years and he could complete his post graduation and get a job.

#### **Anup F. Bannatti**

Anup completed his B.Pharm (Batchelor of Pharmacy) from Goa College of Pharmacy. Presently he is working as Sales Officer in Glenmark Pharmacy at Colvale. Anup lives at Bicholim. He had very bad past. His father was only a vegetable seller. The small amount he earns was not even sufficient for food. Anup got very good marks and the headmaster of his school directed him to ISEAF. Fortunately he got very good sponsors Mr. Horst & Mrs. Cilly Spremberg. They encourage him writing letters and providing financial support to continue his education. Now Anup is happy and contentant. He said he will always remember the help he got from Indian Students Educational Aid Foundation

### **Successful Ex-students From Technical Institute Santosh Gopi Harmalkar**

Santosh lives at Tivim, Bardez. When he failed in the Xth class examination he was very much disappointed. One of his friends told him about Keerti Vidyalaya Technical Institute run by ISEAF. He decided to enroll himself in the Motor Mechanic trade. He found the trade very interesting and completed the course in July 2008. He was appointed immediately in an automobile workshop at Canacona as their mechanic. Santosh wants to start a workshop of his own soon; as he is confident in his work. Sntosh says that he is very thankful to his teacher and the institute for moulding his future. Now he has a carrier of his own.

and thanked his sponsors for their moral and financial support during his student days.

### **Santoshi Chandrashekhar Okhale**

Santoshi lives at Siolim. She joined ISEAF's Keerti Vidyalaya Technical Institute in trade of Computer Software. She passed her examination conducted by Human Resource Developemnt Foundation, Govt. of Goa. Presently she is working as computer operator at Veresh Gas Agencies.

### **Presely Cardoz**

Presely Cardoz lives at Carona, Aldona, Bardez. He was very much disappointed when he failed in the X<sup>th</sup> class board examination. He wanted to complete his academic education. However he decided to use the one year he was forced to remain

at home and decided to join Keerti Vidyalaya Technical Institute and took Air Conditioning and Refrigeration Mechanic trade. He liked the trade very much and he took special interest. He realized later that this is his line of interest. He passed the examination with good marks in July 2008 and was immediately appointed as technician in Aircon, a firm in Porvorim. Presely is very happy with his job and he has the satisfaction that he can earn a good salary and is capable of even looking after his parents.

### **Sachin Vasant Chari**

Sachin lives at Shapora, Bardez. When he realized that he does not have much future in academic education he decided to join in Keerti Vidyalaya Technical Institute in Fitter Trade. He liked the trade very much and took special interest. He passed the examination with good marks.

Presently he is associated with G.K.B. Optalmics a firm in Industrial Estate, Pilerne. Sachin is very happy with his job and has the

satisfaction that he can earn a good salary and is capable of even looking after his parents.

### **Amit Jagannath Amerkar**

Amit stays in Pilerne, Bardez. After he found that he is very weak in his academic education he decided to join in Technical Institute for A/c & Refrigeration Trade. He found this trade very interesting and took special interest. Even his instructor guided him well and could pass his exam with good marks. He passed the examination with good marks.

Presently he is working in Arion Company at Porvorim. Amit is very happy with his job and has the satisfaction that he can earn a good salary and is capable of even looking after his parents.
